

## Civil Engineer

**Expertise** Geomechanics, Soil Mechanics, Bridge and Tunnel Engineering

**Education** M.S. (Bridge and Tunnel Engineering), 2006  
B.S. (Civil Engineering), 2003  
Southwest JiaoTong University, Chengdu, China

### **Professional Experience**

2006 - Present *Itasca Consulting China Ltd., Consultant*

2006 *Yellow River Designing Institute, Designer*

### **Project Experience**

Research and application projects in civil and tunnel engineering. Participation in projects concerning strain-stress analysis for shallow-depth tunnels and the stability of landslide and tunnel structures. Experience in reinforcement design and underground water analysis for slopes and tunnels.
