

All software is sold through Itasca offices or our network of code-selling agents. Which office or agent will complete your sale is dependent on your location. If you do not know your office/agent, use the locator at <http://www.hcitasca.com/agents.html>. The prices shown in these pages reflect the general international pricing for Itasca software. **Prices will vary by location, and are subject to change.**

or exchange broken dongle

Charge applied per license, not per key (i.e. multiple keys on a single license can be exchanged at once for \$50). Fee includes shipping, and is waived if exchange is part of a larger order. Only applies to key exchanges; lost dongles must be replaced by purchasing a new key at the normal price.

EDUCATIONAL DISCOUNT

Academic institutions are eligible for a 25% discount off their purchase. This discount can be applied to all non-lease products, except the Barton-Bandis option for UDEC. The user must submit with their order an agreement stating that the license will only be used for educational or research purposes.

MULTIPLE KEY DISCOUNT

Itasca offers a graduated discount for clients purchasing multiple instances of the same product on a single license. This discount can be applied to all non-lease products, except the *CCFD* add-on for *PFC3D*, and the Barton-Bandis option for UDEC. In offering this discount, we require that all orders go through the license point of contact.
