

PRODUCTS AND PRICES

FLAC^{3D} 4.0

Software is sold through Itasca offices and a network of code-selling agents. If you do not know your office/agent, use the locator at www.itascacg.com/agents. This document lists general international pricing. Prices vary by location, and are subject to change.

Academic institutions may be eligible for a 25% discount off their purchase. This discount can be applied to all non-lease *FLAC^{3D}* products. The user must sign an agreement stating that the license will only be used for educational or research purposes.

Itasca offers a graduated discount to clients purchasing more than one of the same product for a single license. This “multiple key discount” can be applied to all non-lease *FLAC^{3D}* products; however, it only applies to keys set at the current version. In offering this discount, we require that orders go through the designated license point of contact.

Licenses

Item Number	Description	Price (USD)
242-1101-0910	Standard license	\$18,000.00
242-1301-0910	Upgrade from v. 3.1	4,500.00
242-1302-0910	Upgrade from v. 3.0 or older	9,000.00
242-1401-0910	Pre-purchase next version	3,600.00

Pre-purchase available for current *FLAC^{3D}* 4.0 users only. Includes access to next version pre-release software (when available), plus cost of shipping new materials. Offers significant savings over upgrading after official release.

Optional Features

Item Number	Description	Price (USD)
242-1201-0910	Dynamic option	\$4,500.00

Fee does not include shipping. Fee waived if exchange is part of larger order. Does not apply to lost or stolen keys.

Item Number	Description	Price (USD)
242-2200-9999	Replace parallel key with USB	\$50.00

or exchange broken dongle

Network Version

Allows one or more instances of the code to be used on a local network, via a single key installed on a central server. The number of instances (seats) that can be run at one time is limited by the network key. Additional seats are priced the same as standard keys. All seats must have the same version numbers and options.

Item Number	Description	Price (USD)
242-1110-0910	Network license fee	\$2,500.00
