

InSite-Lite Installation Instructions

To install the InSite-Lite software application, follow the steps below.

1. If you have not already done so, download the latest version of the InSite-Lite installation file (InSite-Lite-Setup-3.15.1-x64-20191004.exe at the time of writing these instructions – 10th October 2019) to your PC.
2. Double click on the downloaded installation file to install the InSite-Lite software. Click the *Run* button, to begin the software installation.

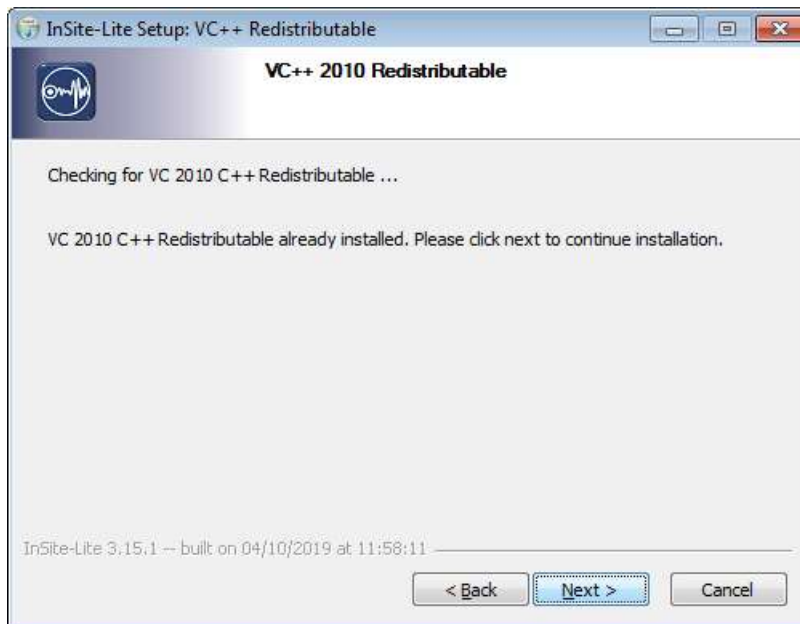

3. For the following dialogue window click the *Next* button.

4. The following dialogue windows present the software digital licence agreement details. Click on the “I agree” and the “next” buttons accordingly to continue the installation process.

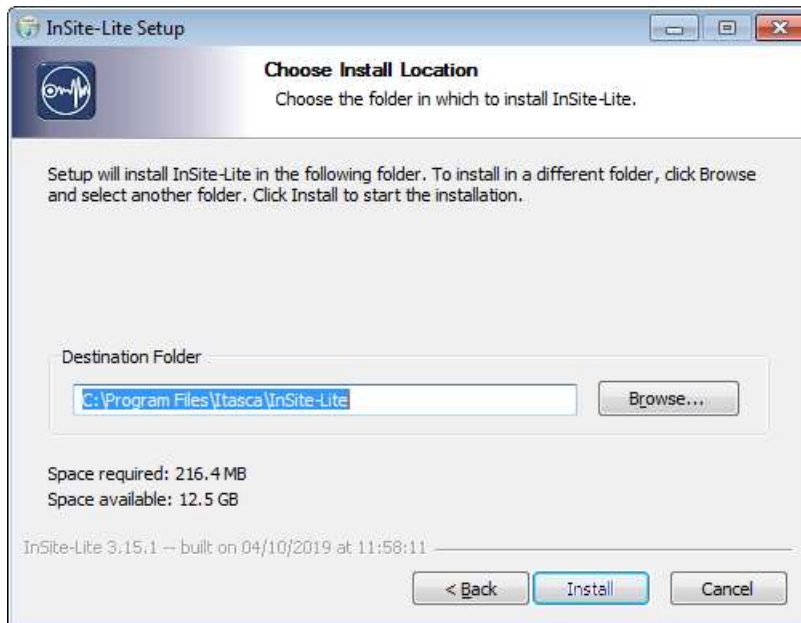

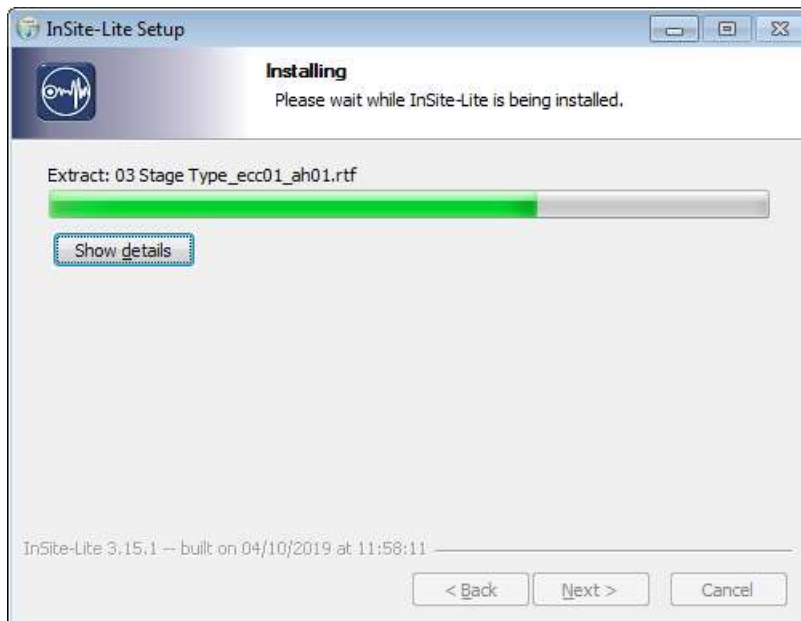

5. Select whether you want to install the InSite-Lite software for all users or individual user. Click on the “next” button to continue the installation process.

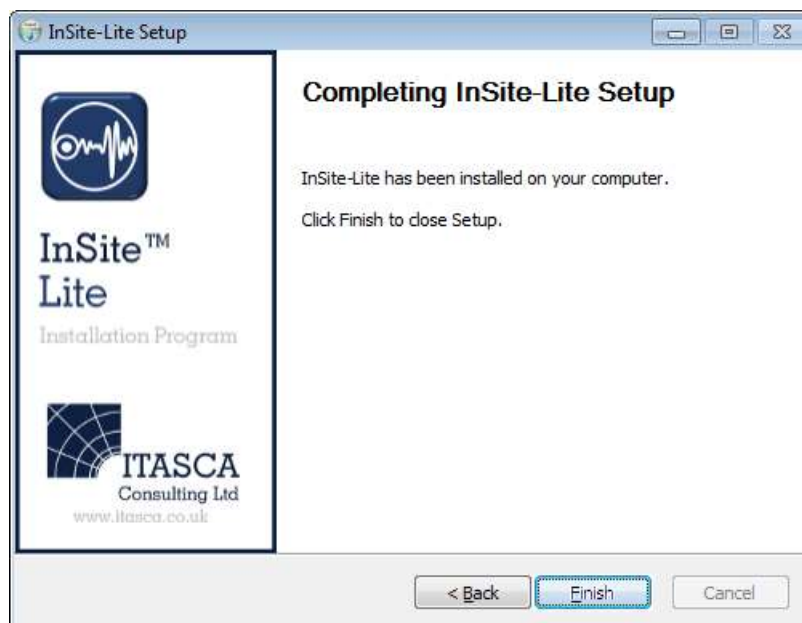

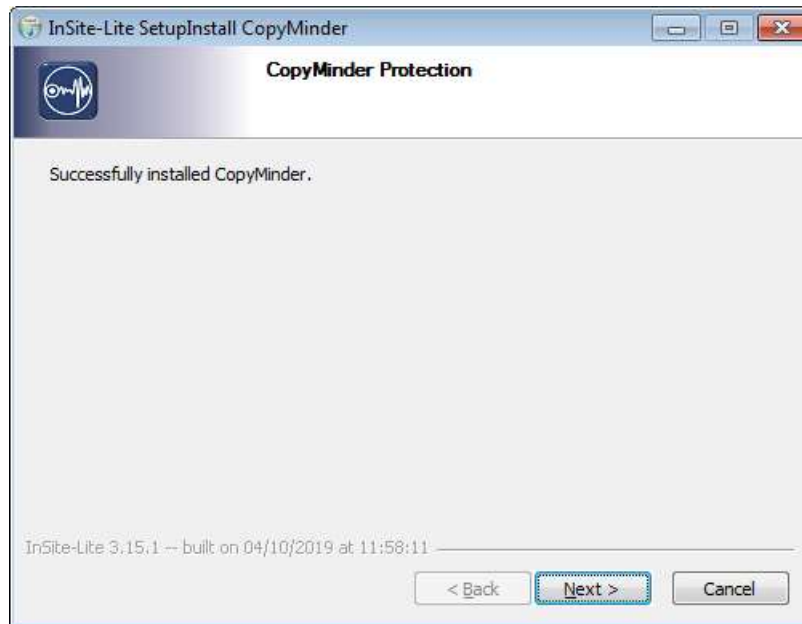

6. Select the location to install the InSite-Lite software to. Can leave as default. Click on the “next” button to continue the installation process.

7. The installation process will now begin.

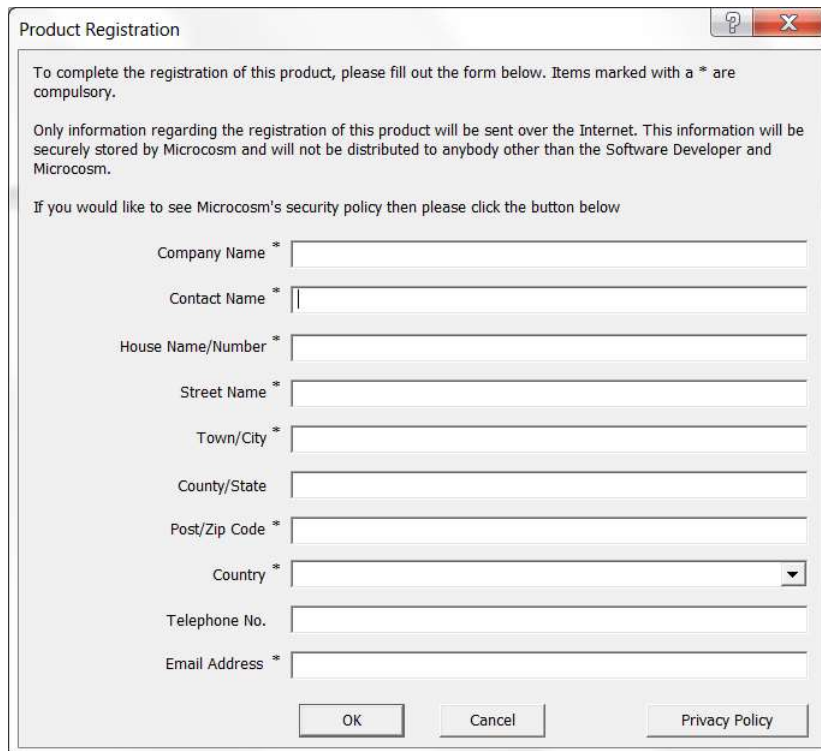

- The installation process is complete.

9. Before running the InSite-Lite software, please ensure that the PC is connected to the internet. This is to ensure that the software can communicate with the digital licence server to create a licence for the user and use of the software.
10. Double-click on the InSite-Lite icon (desktop or from start menu and programs) to launch the InSite-Lite software. The software will now communicate with the licence server.

11. Complete the product registration form. An email link will then be sent to the specified email address to validate the email address. Once the email address has been validated a digital licence will be generated.

The image shows a 'Product Registration' dialog box with a title bar containing a question mark icon and a close button. The main content area contains the following text and form fields:

To complete the registration of this product, please fill out the form below. Items marked with a * are compulsory.

Only information regarding the registration of this product will be sent over the Internet. This information will be securely stored by Microcosm and will not be distributed to anybody other than the Software Developer and Microcosm.

If you would like to see Microcosm's security policy then please click the button below
